4. How to Play

Once you start a **N**ew Game, its open season! **N**otice how your ship flickers! When this happens you are **IN-VUL-NE-RA-BLE!** Don't get your hopes high, though, it lasts only **3** seconds. **You** have to move and shoot down all the alien ships that come at you the moment you start the game!

Move around with WASD or ARROW keys. Shoot laser bolts with SPACE and torpedoes with CTRL. Torpedoes obliterate anything (almost) from the screen, if you hit something with one! Keep track of them in the lower left corner of the screen. Use them wisely - you get three per life and an extra one for every 1000 points. Extra ones 00 NOT carry over when you die! Speaking of dying, on the lower right side of the screen are your lives. You start with

THREE AND WILL RECEIVE AN EXTRA ONE FOR EVERY **2000** POINTS. SO BE SURE TO KILL THOSE PESKY ALIENS IN NUMBERS!

ALMOST FORGOT - YOUR SCORE IS AT THE TOP CENTER PART OF THE SCREEN. GET THIS NUMBER AS HIGH AS YOU CAN AND EARN YOUR PLACE IN THE INTERGALACTIC HALL OF FAME!

Last, but not least – Aliens! Sour enemies come in three forms, each one more determined than the last to wipe you off the face of the galaxy.

Let's start with the smallest enemy – the basic alien ship. They move in a zigzag pattern, occasionally shooting a single laser bolt and when they move past the bottom of the screen, they will respawn at the top. Kill immediately, as they are overwhelming in large numbers! Each one killed earns you 10 points.

Next, we have the advanced enemy ship. They will appear for every ten of the basic ones you kill. This enemy will never leave the screen, nor come down at you. They move in a horizontal line in the top part of the screen and shoot double lasers. Each one killed earns you 50 points.

THE BOSS

One tough and deadly piece of alien destruction. For every 3000 points you earn, one will spawn. They even have their own theme music as well! The Boss moves in a horizontal line in the top part of the screen, but will dive down occasionally, so be extra careful! Weaponwise, they will shoot double or quadruple laser bolts at you, depending how they feel at the moment. Destroy them and 1000 points are yours! Oh, and they don't die from a single torpedo...

I BELIEVE IN YOUR SKILLS PILOT, BUT I ALSO KNOW, THAT SOONER OR LATER YOU WILL MEET YOUR DEMISE. WHEN THAT HAPPENS, THE GAME OVER SCREEN WILL BE THERE TO MEET YOU. BUT WORRY NOT - HERE YOU WILL CARVE YOUR INITIALS IN THE INTERGALACTIC HALL OF FAME! YOUR NAME WILL LIVE ON CUNTIL SOMEONE ELSE BEATS YOUR HIGHSCORE, THAT IS). BUT, AS WE ALL KNOW, GAME OVER IS NEVER THE END, SO HOP IN YOUR COCKPIT AND PRESS N FOR ANOTHER ROUND!
